SECTION TITLE: UTILITY OPERATIONS APPLICABLE TO ALL AREAS	BOARD OF DIRECTORS' DATE OF APPROVAL March 14, 2000 Effective Date: March 14, 2000	

I. UTILITY OPERATIONS

101.1 Description of Electric Utility Operations.

The Bluebonnet Electric Cooperative, Inc. is a Texas Corporation, chartered in August of 1939 for the purpose of supplying retail electric distribution service to a substantial portion of the rural area of Central Texas. Geographically, the area served encompasses approximately 10,000 square miles, taking in all or parts of 14 Central Texas counties. Service area maps were timely filed with the Texas Public Utilities Commission outlining specifically the service area of Bluebonnet Electric Cooperative, Inc. These maps are available for review at the headquarters office of the Cooperative.

Bluebonnet Electric Cooperative, Inc. as of December 31, 2009, was serving 80,434 meters, operating and maintaining over 10,826 miles of distribution line and 90 miles of 69 and 138 KV transmission lines. We have an average density factor of 7.37 meters per mile of line. Bluebonnet owns 19 substations and purchases power at an additional 22 substations owned by Lower Colorado River Authority (LCRA).

The Bluebonnet Electric Cooperative, Inc. is totally distributive in nature, having no generation facilities. We have contracted with the LCRA with the ability to purchase from other suppliers if the price is advantageous for our total supply of wholesale power.

In addition to contracting with the LCRA for wholesale power, we also contract with them for numerous operational and engineering services.

Bluebonnet's service area is divided into four (4) service areas, with the headquarters office located in Bastrop and member service centers located in Giddings, Bastrop, Brenham, Lockhart and Manor. Each office maintains a competent and adequate staff of employees and personnel are on call 24 hours a day.
